

Supporter ID: n/a

Dear Supporter,

Need a little down time with the girls?

Catch up with some of your favourite ladies whilst doing your bit in the fight against cancer by [registering for Girls' Night In!](#)

Your "night in" can make a big difference to the 4,600 women who'll be diagnosed with breast or gynaecological cancer in Victoria this year. And your donations will be channelled into the women's cancer projects that need them the most.

Planning a "night in" is easy and can be as simple as having a few friends round for a chick flick marathon. Alternatively, you could let your imagination run wild and host a huge Girls' Night In party for all your friends!

However you choose to spend your *Girls' Night In*, it's the perfect excuse for a catch-up with the women you love most – and all for a brilliant cause.

Plan your *Girls' Night In* anytime in October and we'll give you all the tips and tricks you need to make sure your night's a huge success!

We'd love to have you involved this year...all we need to know is, [are you in?](#)

Warm regards,

Barbara, Kate and Dala
The Girls' Night In team
