www.optus.com.au - Get more out of your tablet! - Set it free with the new Optus My Plan

Why this ad?

With the new Optus My Plan Plus you can get the most out of your mobile plan's included data by sharing it with up to five mobile devices, like your SIM-ready tablet. Plus, there's **no ongoing cost**, just a one-off \$5 set-up fee per device.

That's one bill for all your devices and everything will be on the **amazing Optus mobile network**. Sweet, huh?

You'll also be **protected from hefty excess fees**, because if you go over your included data, we'll automatically top you up for just **\$10 per extra 1GB**. We'll also send you usage alerts so you can stay in control of your spend. How good is that?
